

## **No Prosperity Blues (Blues in F)**

**We've been talking for a couple of months  
'Bout money and the way we abuse it  
Talk is great but I can't wait  
I can't wait to use it  
Gonna walk the walk, I know I'll have fun  
I'm finally gonna have my day in the sun  
I'm on the right path, I've gotta get to it  
The only thing left is to go out and *do* it!**

**Throw me a fish and I will eat for a day  
Teach me to fish, and I'll bring home my pay  
Got me a nickel, got me a dime  
Throw a bit back to some friends of mine  
I don't need to be rich, 'cept for a wealth of friends  
I won't be poor, not ever again  
I've got two good eyes, and a very big heart  
Right here and now is the place to start**

**I can get what I need, and have a lot to share  
I take care of myself, and I always play fair  
There are a million ways to get out of debt  
I haven't tried nearly all of em' yet!  
There is no one on earth who can keep this man  
down  
Got my eye on the sky, with both feet on the ground  
I think for myself, and I don't suffer no fools  
Cuz' I got a pocket of prosperity tools!**

**I've got a plan made especially for me  
It will all work out -eventually  
My reverend tells me that I'm right on track  
Gonna make a million dollars, and she's got my  
back  
There is no catch, but there's one thing to explain  
I've gotta share all this dough, in the holy man's  
name  
But that's OK, there's enough to go around  
Money's fallin' from the trees, all over the ground**

**So you might think that I made this up  
I'm staring at tea leaves in the bottom of a cup  
Yet my sources say it's all okay, but I better get  
busy, gotta start today  
I've got places to go, people to see,  
Gonna make this thing happen, literally,  
If I can do it, so can you- and together we can lose  
the "no prosperity" blues**

**Take that moment to pay your dues  
Cuz' I've got news that we all can use-  
If I can do it, so can you- and together we can lose  
the "no prosperity" blues**
