The rest of my day went on like that, just like a little race
I saw God driving in front of me, with a smile upon his face
Right behind was God as well, in a tiny roadster coupe
All of us heading off to work, as if we were a group
(How do you honk at the Lord? Especially if he's got his Bluetooth on and yakking
away, somebody's getting their prayer answered, somewhere...)

I saw God

(Bridge)

I know he must've been feeling good, 'cause I felt fine myself
Everything was organized, lined up on the shelf
I thought there'd be a price to pay, and I checked out the tags
The entire world was mine to have, if I supplied the bags

(It used to be "paper or plastic", but I never remember to bring the bags I DO
have in...it's one of those things...)

I saw God

As the minutes turned into hours, and all my work was done
God followed me back to my home, before the setting sun
Dinner was served, and the food was blessed And a prayer was said as I went to bed
and then who would have guessed?
