**I forget there's so much love around
There's no love lost and plenty to be found
Love someone and always love yourself
It's meant to be used, and not stored on the shelf**

**I've got friends that sometimes set me straight
Keep me in line, even though I don't wanna wait
Early to bed, early to rise, makes a man healthy, wealthy and wise
Life is too easy, and I'm tryin' to make it hard
Sittin' on my front porch, searchin for my own back yard**
